An ordinance in regard to one-way by the City Council in session last night. This matter has been before the council for some time, and aroused much discussion among the councilmen. It was decided to refer the matter to the city planning committee.

The paving of West Broadway from the end of the present pavement to the city limits, the cost amounting to \$4,984.13, was accepted, and tax bills were ordered to be levied for pay-

J. W. Schwabe appeared before the council to remonstrate against the building of a sidewalk on McAlester street. His objection was that the property owners could not afford to pay for the walk as the ground over which it was to be built was rough and the construction would be costly. The matter was referred to the street

adding taxi cab drivers, transfer men, bus drivers and solicitors to have at the depots.

Garth avenue was ordered opened to relieve the traffic conditions over Stewart bridge. The city engineer was instructed to proceed at once.

An ordinance was passed giving all of-way over those going north and south.

The matter of printing the city ordinances was referred to a committee. The city engineer was ordered to investigate the condition of the retaining wall on Ninth street in front of the old Judge Martin property. A resolution was passed to draw up an ordinance whereby the inspection of public works would be made by men hired by the city and not by contrac-

RESOLUTIONS PRESENTED TO COL. R. B. PRICE AND THE SIGNERS.

To R.B. PRICE or his 846 birthday Sir:

For more than sixty years you have had a prominent place in the life of this community. By your devotion to your

calling you have made yourself indispensable. By your sincerity and honesty you have made yourself respected. By your unshaken fidelity to the many and great trusts reposed in you you have made yourself honored. And by the strength and uprightness of your character you have inspired confidence in others.

To all of which we, your fellowcitizens, sincerely and cheerfully bear testimony while we still walk the long path together.

May you continue your work to the last with a fine courage and a wholesome joy and with an ever increasing faith in Him who is the Source of all our blessing and the

Will Formally Call on Allies to Recognize Provisional Greek Government.

MAY RECRUIT IN U. S.

Pro-Germans in Athens Force French Marines to Seek Shelter.

By United Press.

ATHENS, Oct. 18.-Venizelos leaders have decided to call upon the Allies to recognize formally the new provisional government favoring Greece's entry into the war. This decision was reached after two days of serious disturbances in the capital, in which mobs threatened to attack the Allied marines.

Two diplomatic commissions were organized. They will present the case of the provisional government to the Allies, declaring that only formal recognition of this government will save Greece from chaos.

Negotiations have been begun informally with the United States to permit the recruiting of Greek armies. Recruiting agents will be sent to the United States, to Egypt, and to Cyprus if the desired permission is obtained. Threatened with attack by a huge crowd of anti-Ally demonstrators, the French marine force that occupied the municipal theater has abandoned the building and encamped in the Zeappaleon garden, near the royal palace. Greek troops are still patrolling the town, and a Greek batallion is guard-

ing the royal palace. The situation is most critical. Anti-Ally leaders are working among the crowds, denouncing the Allies for seizing the Greek warships, and attempting to stir the mob to a demonstration of hostility to the Allied sailors. Athens is practically under martial law.
